WORKS UPDATE – CARNWATH ROAD RIVERSIDE

Work at our Carnwath Road Riverside site continues to progress well as we prepare for tunnelling later this year.

We have recently completed our 55 metre long launch tunnel, which will be used for the departure of Rachel, our Tunnel Boring Machine (TBM) that will make its journey from Carnwath Road Riverside to Acton Storm Tanks.

In preparation for our tunnelling activities we are currently installing a conveyor system which will allow us to remove excavated material from the tunnel and load it onto our barges, minimising our impact on the local road network as each barge movement equates to approximately 50 lorries.

Over the weekends of 19-20 and 26-27 January we will be installing the conveyor belt system and have been granted permission to work extended hours to safely complete several large crane lifts that cannot be completed within core hours due to other works on site. We also need to complete these works prior to the arrival of additional TBM equipment on the 28 January, as this will take up significant space on site.

The approved working hours over these two weekends will be 0800-1800 on Saturday and 0900-1600 on Sunday with a one hour start up/shut down period either side of these times. We will endeavour to keep any noise disturbance to a minimum throughout these works.

If you feel affected by Tideway's work, you can contact Tideway's Helpdesk and ask to speak to your local Mitigation and Compensation Lead, who will be able to advise you on the Independent Compensation Panel (ICP).

KEY INFO

Duration of work

- Installation of conveyor ongoing
- Additional components installed over weekends of 19/20 & 26/27 January

What we will do

- Continue to monitor noise, dust and vibration levels
- Use best practicable means to minimise noise and disruption

Working hours

- Core hours: Mon-Fri 0800-1800, Sat 0800-1300
- Conveyor: Sat 0800-1800, Sun 0900-1600 (19/20 & 26/27 January only)
- Plant Maintenance: Sat 1300-1700, Sun 1000-1600
- Tunnelling activities: 24/7
- Loading barges: Mon-Fri 0700-2100, Sat 0800-1800
- Moving spoil from shed: Sat 1300-1800, Sun 1000-1600
- River wall welding: Mon-Fri 0700-2200, Sat 0800-1800
