

INFORMATION SHEET

Ref: 2140-TDWAY-TTTUN-990-ZZ-Report-700039
January 2021

UPDATED WORKING HOURS & TEMPORARY PARKING RESTRICTIONS

This information sheet is to update you on our works at Acton as we start a new phase in our construction activities.

Our next phase of works will be to secondary line the main tunnel. This will involve installing a piece of equipment called a shutter. The shutter moves along the tunnel and we will be casting concrete around the shutter, that will keep the concrete against the current tunnel lining. Due to its size the shutter will be delivered in sections and will be constructed on site. These sections will be longer in length than our normal deliveries.

For the shutters to arrive safely to site, from Sunday 24 January we will be suspending the parking bays on Canham Road and installing double yellow lines. These will be in place for approximately three months. Please see the diagram overleaf.

From Saturday 16 January until the end of July 2021 we will also be changing our site working hours to support the installation of the shutters and the secondary lining works. The working hours will be Monday-Friday 08:00 to 20:00, Saturday and Sunday 08:00-18:00. Works taking place above ground on the weekends and during the evenings will be kept to a minimum whilst the secondary lining works within the tunnel are taking place.

We know that many people are at home at the moment and that this work may cause a disturbance. We apologise in advance and we will do as much as we can to limit noise impacts.

We will be holding our Acton Community Liaison Working Group meeting virtually on Wednesday 27 January 2021, 6-7.30pm. If you would like to attend, please contact our Helpdesk.

KEY INFO

Duration of work

- From 24 January 3 months of temporary yellow lines
- From 16 January 6 months of 7-day working

What to expect

- Temporary double yellow lines on Canham Road
- Change to site working hours
- Works on site 7 days a week
- Some surface work activity on Saturday and Sunday

What will we do

- Tell you if our plans change
- We will monitor noise levels
- Best practical means to minimise noise
