February 2023

GREENWICH PUMPING STATION

UPCOMING WORKS

From February to July 2023, the remaining temporary concrete structures in Phoenix Wharf will be removed. This part of our site, alongside Deptford Creek, was previously used as our tunnelling logistics area. All the steel elements have already been taken down.

Those works will be during normal working hours, with an increase in vehicle movements during the day and are planned to begin next week.

Concrete demolition requires machinery to break it up for removal and can be noisy. We will be working within agreed noise limits.

The site team will continue to try our best to minimise disruption, but if you have particular concerns about the impact of any of our construction work, we have mitigation options available. (Typical mitigation could include the installation of secondary glazing, blackout blinds or noise cancelling headphones). If you would like to make an application to the Independent Compensation Panel (ICP), please contact the Tideway Helpdesk.

We would like to thank you for your patience and co-operation while we continue construction for the Thames Tideway Tunnel at the Greenwich Pumping Station site.

KEY INFO

WORKING HOURS

- Normal: Monday to Friday: 8am to 6pm, Saturday 8am to 1pm
- Extended (in the CSO): Monday to Friday: 6pm to 10pm, Saturday 1pm to 5pm
- Continuous (inside the shaft and tunnel): 24/5 (not Saturday nights or Sundays)
- Up to one hour start up and shut down periods

WHAT TO EXPECT

- Increase in vehicle movements during days
- Vehicle movements during the night
- Lighting during night hours

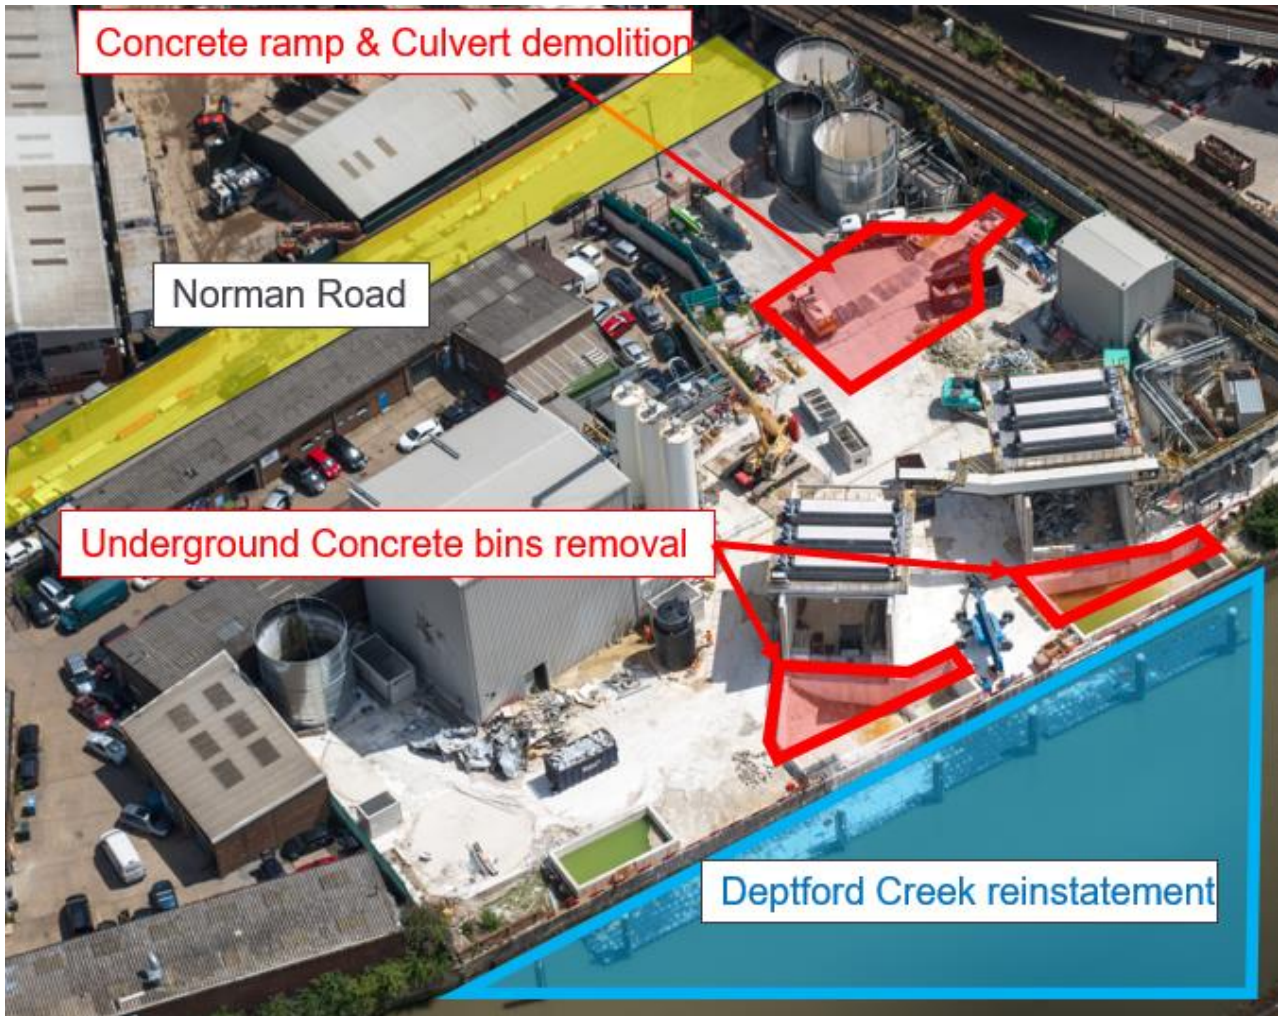

WHAT WE WILL DO

- Continue to use best practice
- Monitor noise & dust levels
- Hold Community Liaison Working Group meetings. Contact the Helpdesk to join us at the next one on Tuesday 7 February
