ACTON STORM TANKS

We are continuing to make good progress at our Acton Storm Tanks site. We are now moving into the concluding phases of our works which include A&L works as well as final snagging and caretaker operations.

As we move into these final stages the team will be removing the welfare cabins from site. The cabins are shown in white on the photo below.

To ensure the safe removal of these cabins there will be a small 40t mobile crane on site and there will be numerous articulated wagon movements throughout the week. These are not abnormal loads which should minimise any disruption.

The small generator that is on site will stay in place until Spring 2024. When we have a confirmed date for the removal of this will we notify you.

We are planning on holding a Community Liaison Working Group meeting in February 2024 to provide you with more information of the final stages of our work. When the date for this meeting has been confirmed we will let you know.

INFORMATION SHEET

Tideway

Our normal working days will continue from Monday to Friday and works will be carried out during core working hours. To ensure our work can be carried out safely we may need to work outside of these hours. We will only do this with the necessary permission and consents from the local authority.

We apologise in advance for any inconvenience this may cause you and encourage anyone who has any queries or concerns regarding our works on our Carnwath Road Riverside site to please contact the Tideway Helpdesk on 0800 030 8080 or at helpdesk@tideway.london.

Some people are affected more than others by construction work such as noise and vibration. If you feel you may be affected by any of Tideway's work, including these activities, contact the Helpdesk - helpdesk@tideway.london - to discuss the support available through the Independent Compensation Panel process.

Tideway is happy to provide information in other languages and formats such as braille or large print. Please contact us: 08000 30 80 80 or helpdesk@tideway.london.
