4. Additional claims settled by Tideway at Greenwich Pumping Station only

Purpose

It was agreed in advance by Tideway and members of the ICP that some residents disturbed by the noisy night work associated with the removal of the acoustic shed at Greenwich Pumping station could apply direct to Tideway for respite.

An award of up to two nights/week overnight respite may be granted without the claim coming before the ICP. This is subject to the following conditions:

- The building which the claimants reside at must be within 75 metres of any part of the acoustic shed; and
- The claimant's property must have line of sight from habitable rooms to the acoustic shed.

Where the claimants are within the categories Special or Medical claims, then these must be submitted to the ICP for determination.

The Panel are aware of no such claims for December 2023.
