

Monthly Report of the Independent Compensation Panel Chair

May 2024

The Independent Compensation Panel (the 'Panel') met on two occasions in May 2024.

1. 14 May 2024 (ICP Meeting #256)

Purpose

To determine compensation, medical and special case claims.

Panel Members

In addition to the Chair, the Panel was comprised of:

- Noise Specialist; and
- Medical Specialist.

The Panel:

- Met via video conference to consider, four special case claims and two fast-track claims.
- These matters were associated with Tideway works at
 - Kirtling Street
 - Greenwich Pumping Station; and
 - Chambers Wharf.

Recognising the likelihood of a number of special and medical case claims coming forward as a result of the increased above ground activities at the Chambers Wharf construction site, the Panel considered a methodology to be implemented by the Tideway Mitigation Team. The requirement for a fast-track system arose out of the need to make awards in as quick a time period as is reasonably practicable, but also to provide a standard approach to awards during what is acknowledged to be a potentially noisy and prolonged period of activity at the site.

- Two fast-track awards were made by Tideway and ratified by the Panel at this meeting

Minutes for fast-track awards were issued on the day of the awards and minutes for the other claims heard at the meeting were issued within four working days of the meeting.

2. 28 May 2024 (ICP Meeting #257)

Purpose

To determine special and medical case claims.

Panel Members

In addition to the Chair, the Panel was comprised of:

- Medical Specialist; and
- Noise Specialist.

The Panel:

- Met via video conference to consider nine special case, three medical, one compensation and one fast-track claim..
- These matters were associated with Tideway works at:
 - Greenwich Pumping Station;
 - Kirtling Street; and
 - Chambers Wharf.

The fast-track award made by Tideway was ratified by the Panel at this meeting.
Minutes were issued within three working days of the meeting.
