### **IMPORTANT INFORMATION - NEXT WEEK**

Cofferdam removal works will begin earlier than standard hours due to the tides (from approximately 5 a.m.) all next week. No abnormal loads are expected.

### **WORKING HOURS**

Standard working hours are:

- Monday to Friday: 8am to 6pm
- Saturday: 8am to 1pm

Concrete breaking activities will only be:

- Monday to Friday: 8am to 6pm
- Saturday: 9am to 2pm (starting and finishing an hour later than standard hours)
- We will endeavour to finish all works onsite by 6pm, but other support activities, such as moving materials and pouring concrete, may continue until 8 pm
- Tidally effected activities such as the river wall panel installation and cofferdam removal are dependent on the tides and may take place from 5am to 10pm. This includes excavations, jetty pile removal, cell dismantling, stockpiling materials, lifting activities, and barge loading and movements.

### **INDEPENDENT COMPENSATION PANEL**

If you feel affected by our work, please contact the Helpdesk, who can advise on support available through the Independent Compensation Panel.

Mitigation could include daily respite, alternative office accommodation, installation of secondary glazing, blackout blinds or noise cancelling headphones.

If you would like to make an application to the Independent Compensation Panel (ICP), please contact [helpdesk@tideway.london](mailto:helpdesk@tideway.london) for a copy of the form.
