- Saturday: 9am - 2pm (starting and finishing an hour later than standard hours)

We endeavour to finish all work onsite by 6pm, but other support activities, such as moving materials and pouring concrete, may continue until 8pm.

Tidally affected activities, such as river wall panel installation and cofferdam removal, may take place from 5am to 10pm. This includes excavation, cell dismantling, stockpiling materials, lifting activities plus barge loading and movements. We do not plan any noisy activities after 6pm.

### COMMUNITY LIAISON WORKING GROUP

We are hosting the next community liaison working group meeting on Monday (16 June at 6.30pm) in our site offices at Chambers Street, SE16 4XR. If you would like to attend, please let us know by 5pm on Sunday, so we can inform our security team as only pre-registered guests will be admitted.

Email [getinvolved@tideway.london](mailto:getinvolved@tideway.london) with your name and any access requirements.

The meeting will:

- provide an update on Tideway's recent work at Chambers Wharf and the super sewer generally
- let you know what will be happening on the site over the coming months as we continue to remove the cofferdam (the temporary area of land that was built out into the river)
- provide an update from officers at Southwark Council about the Community Enhancement Fund and relevant Section 106 projects

## INDEPENDENT COMPENSATION PANEL

If you feel affected by our work, please contact the Helpdesk, who can advise on support available through the Independent Compensation Panel. Mitigation could include daily respite, alternative office accommodation, installation of secondary glazing, blackout blinds or noise cancelling headphones.

If you would like to make an application to the Independent Compensation Panel (ICP), please contact [helpdesk@tideway.london](mailto:helpdesk@tideway.london) for a copy of the form.
