COFFERDAM REMOVAL - TIDAL WORKING HOURS

Monday 12 January 7am to 5pm
 Tues 13 7am to 5pm
 Wed 14 7am to 6pm
 Thurs 15 7am to 6pm
 Fri 16 7am to 6pm
 Sat 17 7am to 2pm

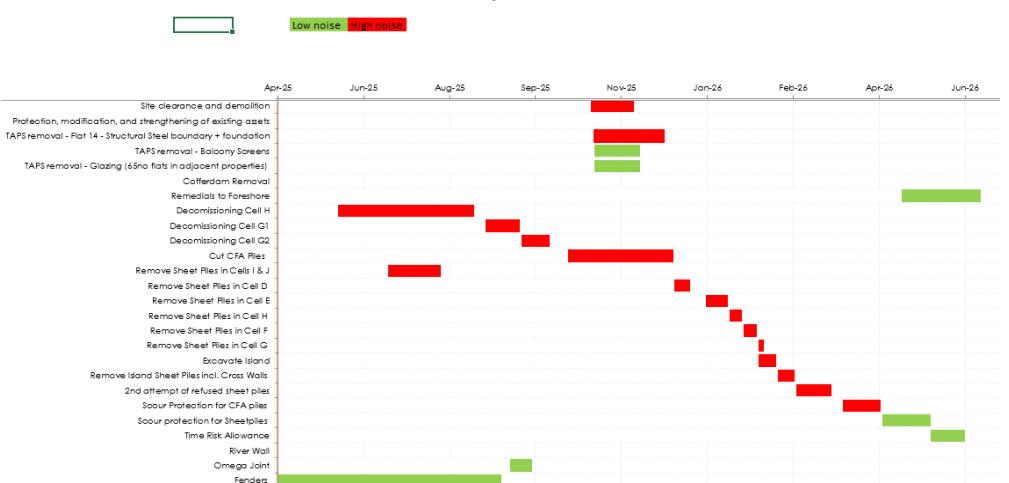

Normal working hours for other activities are:

- Monday to Friday: 8am - 6pm
- Saturday: 8am - 1pm

We endeavour to finish all work onsite by 6pm, but other support activities, such as moving materials and pouring concrete, may continue until 8pm.

Tidally-affected activities, such as cofferdam removal, may take place from 5am to 10pm. This includes excavation, cell dismantling, stockpiling materials, lifting activities plus barge loading and movements. We try to plan our work so noisy activities do not start before 8am or continue after 6pm.

6. In addition to the above, a CHAWF remaining works programme and information has been issued by Thames Tideway Property Management on the 14th of October 2025. This provides progress on the pile removal and indicates

	<p>that high noise activity could continue on and off, through now to April 2026; a better situation than that the previously reported September 2026.</p>  <p>7. It should also be noted that the ICP makes regular visits to particularly active sites and CHAWF is one of those. A site visit to CHAWF was carried out on Thursday 7th of August 2025 at which time, vibratory pile removal from toe (partial) and complete pile removal by crane, were witnessed from the closest possible locations as representative of residents affected by the works. What was witnessed was the removal of intermediate piles, i.e. every other pile had already been removed. Due to the extra friction likely to be associated with initial pile removal from a complete row, noise levels from the vibratory removal tool are acknowledged as potentially higher. A further site visit was carried out on Friday 31st of October 2025 where low level activities were observed and the programme discussed with the contractor's representatives.</p> <p>The recommendations made by the ICP are therefore based upon a review of all the available information including personal on-site observations from site visits.</p> <p>The Panel is aware of the ongoing works at the CHAWF site both in terms of written information and weekly reports but also from numerous site visits. Whilst elements of the current works are noisy, particularly during pile removal or any residual concrete breaking, high levels of noise due not occur all the time and noise from the site is mostly much quieter. As for the previous meeting, it is notable that, of the 410 sheet piles, only 165 have been extracted which was the situation at the end of 2025.</p>

Decision	AWARDED
Details of the award	<p>The claimant is requested to read the details of the site visit and construction activities on page 1 of the Minutes.</p> <p>This claimant has come back to the ICP and is now claiming:</p>

	<p><i>I would like to claim for the cost of spending time away from my boat when I have to do client calls.</i></p> <p><i>I normally have online or face to face clients on 3 days a week, and was hoping to have more of these on the boat at the end of the works.</i></p> <p><i>I'm not sure what might change with the works from Tideway to March, but I trust that the 2 days of a co-working space a week will still be sufficient, which at least allows me to hold client sessions off my boat and know it is quiet.</i></p> <p><i>This costs £54 a day at the lowest rate including VAT, plus £102 including VAT as a flat rate monthly,</i></p> <p><i>I would like to claim for the cost of this to be covered,</i></p> <p>The Panel has considered all of the available information and the location of the houseboat and has determined to extend the existing award of up to 2 days access to a quiet workspace until the end of March 2026.</p> <p>The claimant should engage with the Tideway Mitigation Team in respect of the costs of the office accommodation.</p> <p>Claimants are reminded to read the guidance information below.</p> <p>All awards are subject to Tideway's Guidelines for Implementation of ICP decisions.</p> <p><u>https://www.tideway.london/media/4138/guidelines-for-implementation-of-icp-decisions_feb-2020.pdf</u></p>

Item 2	Notes for the record
Applicant Reference	The Panel considered the information contained in pack 2350-TDWAY- TTTUN-990-ZZ-ZZ-741396
Relevant Tideway site	Chambers Wharf
Decision	AWARDED
Details of the award	<p>The claimant is requested to read the details of the site visit and construction activities on page 1 of the Minutes.</p> <p>At ICP meeting # 301 held on the 19th of December 2025, this claimant was awarded as follows:</p> <p><i>The Panel has considered all the information available for the claimant and has determined to make an award of 2 days respite/week at the standard cost for all family members. The award is extended until the end of March 2026, at which time the Panel will reconsider all awards.</i></p>

<p><i>The Panel has determined that the request for holiday respite is not awarded, although the claimant may accumulate their respite award in any calendar month for longer breaks away from her property.</i></p> <p>The award did not include continuation of the two overnight periods of respite a month which were awarded for November and December. The claimant has now come back to the ICP appealing this and stating:</p> <p><i>Firstly, I would like to thank the Panel for awarding two days of respite per week for my family until the end of March 2026. I appreciate that my health circumstances and the site conditions were taken into account.</i></p> <p><i>However, I respectfully request a review of the decision not to extend overnight respite into 2026...</i></p> <p><i>This has already been recognised previously by the Medical Specialist and by the Panel when overnight respite was awarded as a precautionary measure for November and December 2025.</i></p> <p><i>Given that:</i></p> <ul style="list-style-type: none"> <i>- the programme of works has been extended into 2026,</i> <i>- noise-generating activities are ongoing,</i> <i>- and my medical condition remains unchanged,</i> <p><i>I kindly ask the Panel to reconsider my case and approve overnight respite as a continued precautionary measure during the remaining period of disruptive works in early 2026.</i></p> <p><i>I am not requesting rehousing. My request is solely to allow my family and me access to a quiet overnight environment when required, in order to protect my health and support recovery during this prolonged construction period.</i></p> <p>The Panel has considered this claim very carefully noting the location of the claimant's property and has determined that, in addition to the existing 2 days a week respite for all family members until the end of March 2026, the Panel also makes a very precautionary award in respect of the claimant's health issues of two nights a month overnight accommodation until the end of March 2026.</p> <p>Claimants are reminded to read the guidance information below.</p> <p><u>All awards are subject to Tideway's Guidelines for Implementation of ICP decisions.</u></p> <p><u>https://www.tideway.london/media/4138/guidelines-for-implementation-of-icp-decisions_feb-2020.pdf</u></p>

Applicant Reference	The Panel considered the information contained in pack 2350-TDWAY-TTTUN-990-ZZ-ZZ-741397
Relevant Tideway site	Chambers Wharf
Decision	AWARD RATIFIED
Details of the award	<p>The claimant is requested to read the details of the site visit and construction activities on page 1 of the Minutes.</p> <p>This claimant has considerable health issues as reported by the Medical Specialist.</p> <p>He has now come back to the ICP requesting use of his respite award for home delivered takeaway meals given that he cannot leave his apartment easily:</p> <p><i>Given my current situation, leaving home to use respite externally isn't workable for me now. I appreciate the suggestion about alternative uses if the ICP is willing to approve the use of respite for takeaway meal deliveries to my home, that would be a workable solution for me.</i></p> <p>The request by the claimant to be able to use the daily respite award towards food delivered to his home had previously been agreed by the Chair of the Panel. The Panel now ratify that decision.</p> <p>Claimants are reminded to read the guidance information below.</p> <p>All awards are subject to Tideway's Guidelines for Implementation of ICP decisions.</p> <p><u>https://www.tideway.london/media/4138/guidelines-for-implementation-of-icp-decisions_feb-2020.pdf</u></p>
